

jRA 2016

April 19, 2016, Palais des Congrès, Paris

Introduction

9h15-9h30

Antoine Magnan, *Président de la SFA*

Opening Conference Chair: Antoine Magnan & Marc Daéron

9h30-10h15

Harald Renz, *Philipps University Marburg*;
Environmental microbes and allergy development

Allergology Tomorrow Chair: Harald Renz & Valérie Verhasselt

10h15-10h45

Martijn Schuijs, *VIB and University of Gent*: Farm dust protects against allergy through A20 induction in airway epithelial cells

10h45-11h15

Laetitia Everaere, *Institut Pasteur, Lille*: The role of innate lymphoid cells in asthma associated with obesity

11h15-11h45

Coffee Break

11h45-12h15

Delphine Staumont, *Hôpital Claude Huriez, Lille*: CX3CL1 (fractalkin) and its receptor CX3CR1 regulate atopic dermatitis by controlling effector T cells in inflamed skin

12h15-12h45

Gaël Ménasché, *Institut Imagine, Hôpital Necker-Enfants Malades, Paris*: Characterization of the transport machinery regulating FcεRI-mediated mast cell degranulation

12h45-13h15 Five Short communications

13h15-14h30

Lunch and poster viewing

Progress in Allergology Chair: Eric Vivier & Anne Tsicopoulos

14h30-15h00

Andreas Diefenbach, *Inst. Medical Microbiol. & Hygiene, University of Mainz*: The role of innate lymphoid cells in maintaining tissue homeostasis

15h00-15h30

Caspar Onhmacht, *Technical University and Helmholtz Center, Munich*: Counter-regulation of type 2 and type 3 immunity

15h30-16h00

Bertrand Bellier, *Hôpital Pitié-Salpêtrière, Paris*: Low-dose interleukin-2 induces regulatory T-cell mediated control of experimental food allergy

16h30-16h30

Coffee Break

16h30-17h00

Gabriele Schramm, *Research Center Borstel, Leibniz-Center for Medicine and Biosciences, Borstel*: Learn from the Worm - Concepts for Therapy and Prevention of allergic Diseases

Closing Conference Chair: Marc Daéron & Philippe Bonniaud

17h00-17h45

Eric Vivier, *Centre d'Immunologie de Marseille-Luminy, Marseille*: Innate lymphoid cells: a new world of lymphocytes

Conclusion

17h45-18h00

Philippe Bonniaud, *Président du CS de la SFA*
